THET HTET MYAT NOE

GRAPHIC DESIGNER

Versatile creative professional with extensive experience in graphic design, visual storytelling, and business operations. Proven ability to manage end-to-end design projects, oversee marketing and sales operations, and deliver high-quality media content. A detail-oriented artist and strategic communicator with a strong background in corporate environments and freelance creative production.

Experience

Freelance Graphic Designer
Videographer & Photographer — 2016 – Present

- Deliver end-to-end branding solutions including logos, social media assets, and large-scale signage/billboard installations.
- Manage event production, including wedding backdrops, pre-wedding photography, and event coverage.
- Produce high-quality video content (Music Videos, Vlogs) and provide professional image retouching services.
- Provide computer science training and skill-based instruction.

Graphic Designer & Video Editor — 06/2022 – 01/2023
STUN Media, Yangon

- Conceptualized and produced engaging visual content and video edits for diverse client campaigns.

Shop Manager, Graphic Designer & Photographer — 09/2021 – 05/2022
Tachileik

- Oversaw daily shop operations while providing end-to-end design, photography, and printing services.

Supervisor of Sales and Marketing — 09/2017 – 05/2019
Telenor Business Myanmar, Taunggyi

- Managed sales strategies and marketing initiatives to drive growth and operational excellence.

Volunteer Computer Tutor — 09/2014 – 05/2016
Savana Advertising, Taunggyi

- Provided community-based computer literacy training and technical instruction.

Graphic Designer & Printing Operator — 03/2017 – 06/2017
Savana Advertising, Taunggyi

- Executed professional graphic design projects and managed large-format printing operations.

Supervisor of Merchandising & Human Resources — 07/2013 – 07/2014
Telenor Myanmar, Loikaw

- Supervised merchandising workflows and human resource administrative tasks.

Cyber Cafe Manager — 09/2008 – 05/2013
GlobalLink Group, Taunggyi

- Managed facility operations, technical systems, and staff productivity.
